

Would you like to share your experiences with remote consultations?

Overview

Kirstin and Roz from Thrive by Design would like to speak to people who have experience of accessing and attending remote consultations at Eynsham Medical Centre and Long Hanborough Surgery. We are looking to talk to patients as well as caregivers who have supported others to access or attend remote consultations.

What is a remote consultation?

A remote consultation is an appointment between you and a doctor, or other healthcare professional that might take place on a telephone, video call, through text messaging or an email. A remote consultation may take place instead of a face-to-face meeting or alongside it.

Drop in sessions

Kirstin and Roz will be at the GP surgeries on the following days:

- Long Hanborough Surgery. Monday 26th September, 1pm to 3pm
- Eynsham Medical Centre. Tuesday 27th September, 9am to 11am

These will be drop-in sessions so you can arrive to speak to us at a time that will work for you within these slots, please look out for signs on the day.

Contact details

Please ask reception if you have any questions, or require a printed information sheet. Alternatively you can contact Kirstin by phone or text: 07572037937 or email: kirstin.blackwell@nhs.net
